

Many people in the Brussels sphere know about EU policies and the European Institutions on a general level but few actually *really* know and remember the details, and as they say: *the devil is in the detail*.

We have set up the **#EPBootCamp** because we saw the need to bridge the gap between the theoretical and superficial knowledge and what is actually required of those who need to work with the European Parliament.

Taught by people with years of experience working in the Parliament, the boot camp focuses on those aspects that simply cannot be learned from reading a book.

An **intensive training** for those who need a deeper insight into *and behind the scenes look* of the working of the **European Parliament**.

During the **#EPBootCamp** we will discuss:

- # How is the European Parliament organised;
- # The political groups – who are they? Who do they ally with?
- # Who are the key players in the European Parliament at the different stages of the legislative process?
- # Which titles seem important but have little influence in reality– and who are the MEPs with power and insight?
- # Understanding *how* an MEP's office works and how important the staff can be;
- # And much, *much* more.

Date: The next **#EPBootCamp** will take place on Friday, April 22, from 09:30 – 17:30.

Fee: €800 (ex. VAT), Early bird (before April 1) €700 (ex. VAT). Group discounts at five or more participants. The price for the **#EPBootCamp** includes lunch, refreshments and materials. For more information and to sign up please email us at training@euraffex.eu or call us on +32 2 880 15 37.

Venue: The **#EPBootCamp** takes place at our premises next to Montgomery (40 Avenue de Broqueville, 1200 Bruxelles) and close to the European Quarter, where bright, well-designed rooms, comfortable chairs and a high level of service come together to form the perfect setting for a positive learning experience.
